 1. **RATIONALE:** Many 12 Step Programs have a way to communicate with their members through the internet, The Retreat Committee has been using the SLAA-LA internet system for retreat payments only. Going forward the Committee is going to use the SLAA-LA website to: accept registrations and retreat fees, send receipts, confirmation letters to attendees and store member

email addresses. There will be an additional cost for us to send group emails. I propose Intergroup pay the additional cost. This will give Intergroup a way to send information and notices of events. Retreat and Workshops Committees send out approximately 12,000 emails each year and have approximately 1080 email addresses that are available. Email addresses could also be captured by people asking questions via email to our committee chairs. Emailing the Bottom Line each month could help with retention.
